

**Invitation of proposal from Odisha for development of Quality Planting Material (QPM) of medicinal plants under RCFC-Eastern Region, NMPB, Jadavpur University, Kolkata**

National Medicinal Plants Board (NMPB), Ministry of AYUSH, Government of India has established its **Regional-cum-Facilitation Centre (RCFC)** for Eastern Region (Bihar, Jharkhand, Sikkim, Odisha & West Bengal) at Jadavpur University, Kolkata as an extended arm for the promotion of cultivation of medicinal plants. Proposals are invited from Government/ Registered Non-Governmental/ NGO/Trust/Farmers cluster/SHGs/Private Organizations for **raising Quality Planting Material (QPM) of medicinal plants.**

QPM development should be done in a modern day high-tech nursery through scientific procedure from the collection of quality seed, drying, processing and storage of same, seed stratification, germination and maintenance after its germination.

Organizations are invited from **West Bengal** to apply for development of QPM of medicinal plant species including **12000 tree species (minimum 2 ft. height)**, important to the eastern region/West Bengal from the listed **140 prioritized species (Annexure – II)** covering RET & endemic as per the proforma given as **Annexure-I** within a total outlay of **Rs. 2.5 lakhs.**

There will be a screening of applications based on relevance of the project, previous work experience of QPM development and capability of the organization. **Three organizations** will be selected from **Odisha** depending on resource availability.

Submit the proposal as per the format through email to [rcfcnmpb@jadavpuruniversity.in](mailto:rcfcnmpb@jadavpuruniversity.in)/[coordinatorrcfc@jadavpuruniversity.in](mailto:coordinatorrcfc@jadavpuruniversity.in) on or before **15<sup>th</sup> November, 2024.**

The work order will be issued to the selected organizations as per the suggestion of the QPM screening committee once decided. The payment will be made **as per the PFMS system** once the QPM is developed within the 4 months of the work order issued, QPM procured and distributed among the farmers/cultivators of Odisha along with the plantation of the developed tree species. Any further enquiry may be raised through email only.
